

**Sterling Open Space Implementation Committee Meeting Minutes**  
**February 7, 2008**  
**Butterick Building, Sterling**

**Present:** Brian Cline, Marion Larson, Maryanne MacLeod, Sue Valentine, Peder Pedersen

**Meeting Began 7:19 PM**

**No Minutes available from last 2 meetings to approve.**

**Open Space Survey Results**

Maryanne MacLeod handed out information on surveys she had quantified. Both her info and J. Hinckley's need to be consolidated. **ACTION NEEDED TO COMPLETE THE CONSOLIDATION.**

**Open Space Forum Discussion**

S. Valentine asked questions of the committee as to the format for presenting the data. After much discussion it was decided that there would be some graphical presentation using PowerPoint.

The proposed format:

Introduction and explanation of what an Open Space and Recreation Plan is. The state process etc. An explanation of the need for public input and feedback. Process by which survey was built.

Information on each major question to be on a slide with the quantitative results

An OSIC member could then read a few of the qualitative comments that related to that question.

At the end of the presentation, comments would be solicited from the audience. Perhaps then we would hand out the survey with the quantitative results filled in. Brian Cline will handle the introduction and explanation. M. Larson will serve as a timekeeper and moderator of discussion of the results. Other members will read some of the comments.

**ACTION ITEM**—S. Valentine will look into available dates (March is preferred) and location. 1835 Town Hall was a location that met with favor.

**Mapping Status**

B. Cline announced the OSIC has the 16 hours of time from MRPC for mapping. Letter came out to MRPC since last meeting.

**Meeting Adjourned 9PM.**
