Town of Sterling Recreation Department

REGULATIONS FOR THE USE OF TOWN RECREATION FIELDS

The Sterling Recreation Department (SRD) is authorized to schedule the use of the various Town athletic fields and to issue access permits for use of these fields. These regulations are applicable to both Sterling Affiliated users and non-Sterling affiliated users of any Sterling Recreation Field. The SRD reserves the rights to modify theses regulations at any time.

Goal -

The Goal of the SRD is to ensure that recreation fields in Sterling are maintained and kept in the best possible condition while maximizing the availability of these fields for use by residents of the Town of Sterling.

2) <u>Field Scheduling Policy</u>

a) Seasons and Application deadlines

i) Recreation Field use will be divided up into three playing seasons; spring, summer, and fall. Each Organization must apply for field use separately for each season using the Field reservation Form attached hereto as Exhibit A.

ii) The seasons and application deadlines are:

Season	Deadline for applications
Spring – April 15th to June 14th	February 15th
Summer - June 15th to August 31st	April 1st
Fall – September 1st to November 1st	June 15th

- b) The applicant's duly authorized representatives must sign all scheduling applications. All applicants are responsible for respective Town fees where applicable.
- c) Scheduling will be done on a first come, first served basis following the deadlines for each season established in paragraph 2.a., above.
- d) <u>Reallocation of scheduled use.</u> In the event that no Organization requested to use the Field, or of a cancellation, or in the event that an Organization has been relieved of its permit for failure to comply with these Regulations, the following procedure to reschedule the Available Time will be followed:

i) The SRD will notify each organization by facsimile or e-mail that the time has become available.

- ii) The SRD will set a deadline for submission of an application for the use of that time.
- iii) Each application sent to the SRD by facsimile to apply for the available time must be signed by a person responsible for the Organization.
- iv) The Available Time will be allocated to an Organization based upon the order received.
- e) <u>Priority for use by Affiliated and Unaffiliated Organizations</u>

Fields in Sterling are requested and used by many organizations and efforts will be made to meet as much of the demand as possible **WITHOUT JEOPARDIZING CONDITIONS OF THE FIELDS.** It is recommended that all organizations work in good faith to iron out conflicts as equitably as possible. When/if conflicts in allocation requests occur and can't be resolved by the parties in conflict, the following criteria, in the following order will be used to determine which requesting organization will be permitted to use the field(s).

In the event of a conflict in applications, field usage will be allocated to the highest priority applicant by applying the following schedule:

- (i) The organization is in good standing with the SRD (i.e., field maintenance payments have been made, Sterling Field Rules and Regulations have been followed and no violations have been committed by the organization).
- (ii) Each organization will be asked to provide a justification for their request and why an alternative is not possible. This will be reviewed by the SRD.

(iii)The organization where the larger percentage of participants are Sterling residents will be given priority over organizations where a smaller percentage of participants reside in Sterling. This will be valid only where the organizations requesting the field are comparable (within 20%) in size.

(iv)Preference will be given to an organization who has not turned down or in any way eliminated any Sterling resident from having the opportunity to participate in or join the organization

If these guidelines do not resolve the dispute, a decision will be made by the Sterling Recreation Board, where the decision will be final.
