Meeting Minutes
October 4, 2012

6:35 p.m.	Call to Order – Present- Allen Hoffman, Donna Clark, Gary Menin and David Favreau
6:35 p.m. Laddawn 2 Northeast Blvd	2 Northeast Blvd. – Aquifer protection district request 4.6.4 (o) Allen Hoffman read rules and regulations concerning this request. Discussion continued concerning why they did not stay within the 50% regulation. Randy Kinnear, representing Laddawn, stated that the proposal (inclusive of 52.2% impervious) was the most efficient proposal to match the existing structure, and meet the continued growth of the company. After much discussion it was agreed to a compromise of amending the request by reducing the paving area, and relocating the load handling of its raw material. This compromise reflects a change to the variance, requesting 51.08% impervious area. Donna Clark motioned to approve – subject to a completed set of plans with all changes, Gary Menin seconded – all approved - David Favreau to notify the Town Clerk of the change.
