Public Session

Arden Sonnenberg inquired on 17 Mortimer Rd update on work and water problem on road. Paul Lyons got approval for temporary permit to fix it, just a matter of when it can get done. Clear end of culvert coming off Sunset and Bean roads.

Superintendent Report DPW

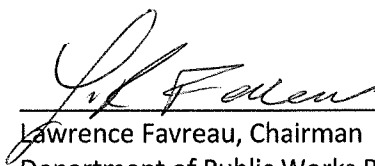

- The guardrail will be extended by Bartlett Consolidated past the pole on Justice Hill Road
- Handle on using salt, got the pretreatment down
- Old Trackless 2001 has problems
- Route 12 sidewalks are state sidewalks and the town is not required to plow the sidewalks
- Homestead Lane accepted last year. DCR states there is not proper drainage to retention pond. DCR requested to the contractor to fix it, the contractor said no. Drainage at end of road near retention pond is filled with silt, washed out banking.
- Upgrade of the computers to Windows 10, the programs the department uses daily including the fueling system that provides fuel to all town vehicles which includes emergency vehicles won't work on Windows 10.
- Lost a plow driver for Route 62

Superintendent Report Water

- Everything running along
- A/D Instruments checked alarms
- Upgrade UV system done at Rte 12; using old parts at Rte 140; \$500,000 to put new UV system in with only one company in Ohio that can perform the task. If and when the UV system is to be replaced would be best to relocate it to a new well site.
- Sanitary Survey by the DEP was finished December 16th.
- The road was cut for the 1835 water line
