Recommended Minimum Qualifications:**Education, Training and Experience:**

Bachelor's Degree in Biology, Ecology, Natural Resource Management, or related field; 5-7 years of related experience; or an equivalent combination of education and experience. Must possess a valid driver's license.

Knowledge, Ability and Skill:

Knowledge: Working knowledge of Wetlands Protection Act and State DEP regulations, policies, wetland bylaws, and regulations. Knowledge of the applicable provision of Massachusetts General Laws

concerning Conservation Commission operations. Knowledge of hydrology and stormwater issues and familiarity with wetland plants, soils, and erosion control techniques. Knowledge of the principles of land protection and management.

Ability: Ability to analyze problems, prepare reports and formulate recommendations concerning department operations. Ability to interpret regulations firmly, tactfully, and impartially. Ability to read, understand, and interpret technical specifications, blueprints, and plot plans. Ability to deal with the public in a courteous and tactful manner.

Skill: This position requires excellent communication, interpersonal and organizational skills. Must be detail-oriented and able to conduct field inspections, evaluate wetland delineations, interpret engineering drawings, delineate wetlands, identify wetland plants and be familiar with wetlands soils. Proficient skills in computer operations and software to include Microsoft Office. Proficient computer skills utilizing a variety of software applications including Microsoft Office, and GIS.

Physical Requirements:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job, minimum physical effort is generally required in performing administrative duties. Field work is conducted under varying conditions with exposure to some occupational risks with moderate physical effort. Traverses uneven terrain, climbs over fallen trees/vegetation and accesses all areas of a construction site and the woods. This position is regularly required to sit, talk, and hear; uses hands to finger, handle, feel or operate objects, tools, or controls, and reach with hands and arms as in picking up paper, files, and other common office objects and equipment. Employee may occasionally lift and/or move objects weighing up to 30 pounds. Vision and hearing at or correctable to normal ranges.

Supervision:

Supervision Scope: Performs varied and responsible duties which require the exercise of considerable judgment and initiative in coordinating Commission's operations, formulating decisions and policies, and relieving the Commission of administrative duties not requiring their official attention.

Supervision Received: Works under the direction of the Town Administrator and Conservation Commission in accordance with state and local laws and regulations. Incumbent generally establishes own work plan and completes work in accordance with established departmental policies and standards. Only cases involving clarification of policies are referred to the supervisor.

Supervision Given: All department staff, vendors and consultants.

Job Environment:

- Majority of work is performed under typical office conditions; the noise level is moderate at times. Site inspection work is performed out of doors with exposure to possible inclement weather and extremes of heat and cold, as well as the hazards associated with construction sites. Required to attend evening meetings.
- Operates an automobile computer, calculator, copier, facsimile machine, and other standard office equipment.

- Contacts are by phone, through correspondence in writing and email, and in person; frequent contact with other town departments, the public, state and federal agencies, professional associations, developers, attorneys, engineers and consultants; they generally consist of an information exchange dialogue, discussing routine and semi-complex issues.
- Has access to department confidential information related to conservation legal issues.
- Errors could result in delay or loss of services or have financial and/or legal repercussions.

This job description does not constitute an employment agreement between the employer and employee and is subject to change by the employer as the needs of the employer and requirements of the job change.
